the VIP executive interior. For long range trips overseas there are Jetrest Skylounge mattresses for the club seat groups and the divans are berthable.

The Gulfstream V was the first ultra-long range corporate jet capable of flying over 6,000 miles non-stop fully loaded. The Gulfstream V has long been a desired aircraft for not only its long range but also its high cruise altitude, endurance, payload, reliability, low operating costs and worldwide product support. Today the G-V offers those looking for both room and long range at an exceptional value and this G-V is configured for up to seventeen passengers and is equipped with GoGo Biz including GoGo Vision and Talk&Text options. Additionally this G-V has SWIFT worldwide broadband internet. Contact us today for more information or to schedule a private showing of this exceptional aircraft.
