The Phenom 300 has been the best-selling light business jet in the world six years in a row. The Phenom 300 is known as the fastest, most efficient and longest-range single pilot aircraft in today's market. Our Phenom 300 offers Next-Generation Garmin 1000 avionics, a large passenger cabin space and best-in-class cabin altitude provide you with a truly satisfying private jet experience. This Phenom 300 has less than 2,000 hours total time and is enrolled for the full advantages of engine and airframe programs. The cabin is equipped with the Rosenview entertainment system and high speed internet to keep you in touch with what is going on during your flight. We are offering this Phenom for sale or lease, and financing is available. This one owner Phenom 300 comes from a prestigious corporate operator and has been maintained and operated to the highest industry standards, with many upgrades. Available for delivery in 2019.

Attractive eight passenger interior configured with an aft-facing seat opposite the cabin entry door, four-place club with executive tables in the mid-cabin area and two forward facing seats in the aft cabin area. The aft belted lavatory provides the 8 eight passenger seat for take off and landing. The taupe leather seats, beige carpeting with taupe sidewalls blend pleasingly with the high gloss finish of the real wood veneer. In-flight entertainment includes a Rosen View VX moving map, a DVD player, a fold down flat screen monitor in the forward cabin, a satellite phone with two handsets (one hard-mount cockpit; one portable plug in the cabin), seven AC outlets and GoGo high speed internet.
