

Aircraft Appraisals, Operational Audits and Expert Witness Service

For over 45 years, Corporate Concepts International, Inc. has been a leading corporate aircraft appraisal provider serving clients worldwide to achieve their specific valuation objectives. Whether your requirement is for a Desktop Appraisal, a formal On-Site Appraisal, a Diminution in Value Assessment due to damage, Expert Witness Services or an Operational Audit, CCI has the experience and expertise to accomplish your appraisal and valuation objectives.

CCI's expert appraisal reports are on your desk, in most cases, within 72 hours of completing the analysis of the asset and records. Another significant advantage of CCI is that every appraisal is reviewed by three CCI appraisal professionals. A certified ASA Senior Appraiser, our Appraisal Technical Manager and our President collaborate on each appraisal before it is sent to you. Having three of our expert appraisers agree on the appraisal conclusions is unique to CCI and ensures the most accurate and comprehensive valuations.

Our professional staff are based in five US cities and our team outside the US are in Mexico City, Zurich, Jeddah, Cairo and Bangkok.

Principals, insurance companies and law firms have relied on CCI's experience, expertise, and worldwide network to advise clients on their appraisal, insurance claims management, and diminution in value related claims in corporate and commercial aviation cases. CCI is a leader in aircraft and helicopter appraisals, expert witness engagements, diminution in value, operational and risk management audits, and loss of use determinations. Our staff in multiple locations can be quickly on-site and coordinate all the resources and expertise the CCI team has to offer.

Call or email us with any questions or engagements you would like to discuss. CCI has a well-established reputation for performance and integrity. We can provide you with the highest references from previous clients or you can hear and read testimonials from clients we have served at www.flycci.com. Contact Dennis A. Blackburn, CCI's President and Founder at +1.832.647.7581 or blackburn@flycci.com.
