

Experience Makes A Difference - Aircraft Appraisals, Operational Audits and Expert Witness Services

For over 45 years, Corporate Concepts International, Inc. has been a leading corporate and commercial aircraft appraisal provider serving clients worldwide to support their specific valuation objectives. Whether your requirement is for a Desktop Appraisal, a formal On-Site Appraisal, a Diminution in Value Assessment due to damage, Expert Witness Services or an Operational Audit, CCI has the experience, expertise and staff to accomplish your appraisal and valuation objectives.

CCI's expert appraisal reports are on your desk, in most cases, within 72 hours of completing the analysis of the asset and records. Another significant advantage of CCI is that every appraisal is reviewed by three CCI appraisal professionals. Our Appraisal Board is comprised of a certified ASA Senior Appraiser; our Technical Appraisal Manager and our President, who collaborate on each appraisal to ensure the integrity of the work product. Having three of our expert appraisers agree on the appraisal conclusions is unique to CCI and ensures the most accurate and comprehensive valuations.

Our professional staff are based in five US cities and our team outside the US are in Mexico City, Zurich, Jeddah, Cairo and Bangkok.

Principals, finance professionals, insurance companies and law firms have relied on CCI's experience, expertise, and worldwide network to advise clients on their appraisal, insurance claims management, and diminution in value related claims in corporate and commercial aviation cases. Our staff in multiple locations can be quickly on-site and coordinate all the resources and expertise the CCI team has to offer.

We would like to earn your business. Call or email us with any questions or engagements you would like to discuss. CCI has a well-established reputation for performance and integrity and references can be provided upon request. Contact Dennis A. Blackburn, CCI's President and Founder at +1.832.647.7581 or blackburn@flycci.com.
