This aircraft is configured for seventeen passengers just completed refurbishment in August 2017. The interior is configured with a three-place divan opposite the galley in the far forward compartment, a four-place club group with fold-out tables in the forward cabin, a four-place club group in the mid cabin and two three-place divans opposite each other in aft cabin. Forward and aft lavatories and a fully equipped forward galley complete the VIP executive interior. For long range trips overseas there are Jetrest Skylounge mattresses for the club seat groups and the divans are berthable.

Interior Refurbishment in August 2017

The Gulfstream V was the first ultra-long range corporate jet capable of flying over 6,000 miles non-stop fully loaded. The Gulfstream V has long been a desired aircraft for not only its long range but also its high cruise altitude, endurance, payload, reliability, low operating costs and worldwide product support. Today the G-V offers those looking for both room and long range at an exceptional value and this G-V is configured for up to seventeen passengers and is equipped with GoGo Avance L5 the newest generation GoGo system fast enough for streaming video conferences or just a movie. Additionally, this G-V has SWIFT worldwide broadband internet, ADS-B and FANS-1/A for true worldwide operations. Contact us today for more information or to schedule a private showing of this exceptional aircraft.
